Product Info

Take your USB peripherals to new lengths with the barrier breaking USB2FAAEXT15 USB 2.0 active extension cable from StarTech. With this bus powered extender, you'll be able to place your peripherals up to 16 feet (5 meters) away from your system while still enjoying fast USB 2.0 data transfer rates of up to 480 Mbits/sec.

PC and Mac compatible, the USB2FAAEXT15 is great for connecting scanners, printers, digital cameras, flash card readers and more to your computer. Extending the range of your USB devices has never been easier.

Features

- Cascade up to 5 active repeater cables to increase the connection distance by up to 80 feet (25 meters) without a loss in transfer speed
- Extends your USB 2.0 connection distance by up to 16 feet (5 meters)
- Maintains signal integrity along the length of the cable ensuring you maintain data transfer rates of up to 480 Mbits/sec
